DIARY NOTES

DD/S

5 October 1965

25X1A 1. Mr. Helms referred to the report on significant illnesses by the Director of Medical Services and asked me to develop a systematized program to send letters to these employees from either him or the Director. (I asked [REDACTED] to contact Dr. Tietjen and to consider to whom we should send letters and what should be said. We will prepare the letters in this office and send them to Mr. Helms for signature. The first letters will be difficult because the employees on the current list have been ill for some time. We will have to include some expression for not having written the letter earlier. Arrangements should be made with Dr. Tietjen to notify this office of all new cases so that we can prepare a letter immediately.)

25X1A 2. I mentioned to Colonel White that we were planning to invite former [REDACTED] to Washington to solicit his assistance in an over-all recruitment program. Colonel White thought that we should telephone [REDACTED] today. Accordingly, I asked Emmett Echols 25X1A to telephone him since [REDACTED] the Personnel recruiter [REDACTED] had 25X1A made the first contact with the Governor in June. I told him to advise [REDACTED] 25X1A that we would like him to come to Washington for a briefing on a program activity and its related recruitment problems so that he might advise and assist us in the future. I asked Emmett to ask [REDACTED] 25X1A [REDACTED] whether he would be willing to do this and what date would be convenient for him so that we can make the necessary arrangements. I asked Emmett for a report on his conversation with [REDACTED] this 25X1A afternoon.

3. The Director called to inform me that he had just received a call from John Macy, Chairman of the Civil Service Commission, who said that the Commission had considered the Director's case and had decided that he could receive his full retired pay since his is an exceptional case. Mr. Macy will confirm this decision by letter. (The Director was quite pleased.)
